**MATALJ VINARIJA - NEGOTIN**  
Matalj Vinarija nastaje na temeljima viševjekovne tradicije uzgajanja vinove loze u Negotinskoj Krajini, a sa ciljem nastavljanja proizvodnje vrhunskog vina sa pečatom podneblja. Porodica Mladenović-Matalj se već više decenija bavi proizvodnjom vrhunskog grožđa i vina, a od 2007. godine počinje projekat obnove starih vinograda i proširenje kapacitet podruma. Naša filozofija u proizvodnji vina se svodi na jednostavno očuvanje osobina grožđa u vinu koje dobijamo iz naših vinograda.  
Trenutno Matalj Vinarija obrađuje svojih 20ha vinograda u okviru tri vinogorja u rejonu Negotinske Krajine. Vinogradi Kremen, Terasa i Bukovo predstavljaju posebnu mikro celinu sa svojim specifičnostima u pogledu zemlje i klime i čine osnovu naše proizvodnje i našeg kvaliteta. Novi moderan podrum na lokaciji Bukovo u samom vinogradu može da preradi i proizvede 200.000 l najkvalitetnijeg vina.

**MATALJ WINERY - NEGOTIN**  
Matalj Winery is founded on the basis of a long-standing tradition of growing grapevine in the Negotin Krajina, with the aim of continuing to produce top quality wines with seal of the climate. The Mladenović-Matalj family has been engaged in the production of premium grapes and wines for decades, and since 2007, the project for reconstruction of old vineyards and expansion of the basement capacity has begun. Our philosophy in wine production is to simply preserve the grape quality of the wine that we receive from our vineyards. Currently Matalj Winery is processing its 20 ha of wine-growing within the three vineyards in the Negotinska Krajina region. The vineyards of Kremen, Terasa and Bukovo represent a special micro whole with its specificity in terms of soil and climate and form the basis of our production and our quality. The new modern basement at the Bukovo location in the vineyard itself can process and produce 200,000 l of the best quality wine.
